Dear Sir;

Will you excuse the liberty I take by recommending the enclosed paper to your patronage & that of your friends. I shall endeavour to interest gentlemen in Christ church & St Pauls by sending a copy to each. You will perceive the design upon reading it. It has the entire approbation of the Bishop, whose name heads one list which I retain myself; and if we can carry it into effect, will introduce a great improvement in our Church Music. A very great object is dispatch, since the Engraver has no leisure for it except in the following months.

Yrs truly

Hor: Binney
